The Health & Safety at Work Etc. Act 1974 requires Dyneema Ltd to ensure, so far as is reasonably practicable, the health and safety of our employees and anyone else who may be affected by our acts or omissions.

Our defined performance standard is zero accidents and compliance with legislative requirements will be the minimum acceptable standard adopted to achieve this goal.

To achieve this, we will:

- provide adequate control of health and safety risks arising from our activities in relation to employees, contractors, clients, the public and other third parties, so far as is reasonably practicable
- provide sufficient resources to ensure that proper provisions for health and safety can be made bearing in mind that 'well being' of our employees is paramount to the success of Dyneema Ltd.
- carry out risk assessments of our activities and implement effective measures to control the risks present and ensure workers are briefed on the risks and control measures that affect them
- communicate with all workers about their health and safety and provide them with sufficient information, instruction and training to demonstrate competency to CSCS CPCS and NVQ standards through positive management and supervision in order to implement this policy
- commit to the consultation and participation of workers and workers' representatives where appointed and commit to encouraging safe behaviours and re-educating unsafe behaviours with the aim of continuing their current record of zero- RIDDOR Reportable Accidents
- provide and maintain safe equipment, safe working practices, safe working environment and adopt industry best practice and implement safe systems of work
- commit to the prevention of injury and causes of work-related ill health
- provide our employees with the appropriate PPE , tools and equipment to enable them to work safely
